Cancer touches all of our lives in one way or another. As a third grade service project we would like to add a soft touch to those who have to endure chemotherapy treatments. These treatments last several hours and during that time the patient probably feels scared, lonely, and discouraged. We would like to help cheer them up with a small bag of goodies that may come in handy in the days to follow. These bags will include travel size lotion - UNSCENTED, hand sanitizer (UNSCENTED), Kleenex, Chap Stick, a small bag of hard candy, a pack of gum, a small puzzle book, soft socks/slippers and a hand written card from the third grade students representing our school. We would like to make as many bags up as possible - especially to have ready in October which is Cancer Awareness Month.

This is where we need your help. We are asking for donated supplies that were mentioned above or a cash donation to buy them ourselves. Each bag cost close to \$10 to make. Any help would be greatly appreciated. If you are able to help, please drop off supplies/money to the third grade classroom. We will take donations up until our school Christmas program. Bags will be made and delivered as supplies come in. Thank you so much for helping us with this awesome project and for hopefully bringing a smile to their faces.

KINDERGARTEN

Hello from Kindergarten!

We have been having so much fun in Kindergarten these first few weeks of school. The students have been learning our class routines. We have been also talking about what makes a good friend. In math we have been talking about objects that are the same and different. This week the students also have been working on their first two sight words, I and am. This week we are starting our first few lessons of handwriting without tears. We are learning the different shapes, and lines that will help us learn how to write out letters. The students are so excited for Grandparents next week. They can't wait to celebrate with their loved ones. I hope everyone is having a great week.

God Bless,
Sara Kriefall

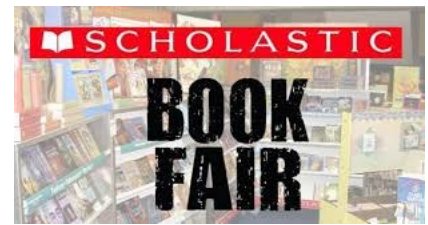

The after school dismissal form you fill out for your child at the beginning of the year is what we use to determine where students are supposed to go at the end of the day. We take those forms very seriously and follow them. Without a note or phone call from a parent we will do what is on that form. If at anytime during the school year you need to change after school instructions please request and fill out a new form. Thank you!

All K-5 families are required to volunteer a total of 12 hours throughout the school year. There are several opportunities to fulfill these hours.

-The service-a-thon is approaching fast and we need someone to be the coordinator. Please contact RoAnn Trout if you are interested.

-The Home and School group is looking for people to join their team. If you are interested or would like more information please contact Jackie Stevens by email: jmstevens26@yahoo.com or phone number 218-296-1756
