Happy Teacher Appreciation Week!

This week we're celebrating our wonderful teachers. These educators have put forth their best each day as they encourage students to become their best selves. It's a privilege to work with each of them. I know when I look back at my own education I have many teachers that really made an impact in my life. They're all a reason I went into education. My fourth grade teacher was one that always sticks out to me. Going into fourth grade we were told that she was a tough teacher, and gave her students a lot of work. Naturally when I was assigned to her class I was very nervous. I soon learned that she really wasn't someone who was uncaring, she simply wanted to challenge us. That February when my father passed away suddenly, she was someone who immediately reached out to my family and me. She always made sure that I had what I needed even if that meant I didn't get all of my work done. This teacher attended his funeral and even gave tickets to my family for a play so that we had something to look forward to. I tell this story to show that our teachers, in big and small ways, make a huge impact on our students and their families. Never underestimate their value and purpose. I know that our school community doesn't. We honor our teachers this week because they do so much behind the scenes that many don't see, just ask our families. God Bless all educators this week.

God Bless each of you always,
Sara Kriefall

Volunteer Hours

Thank you to all the families that have completed all their volunteer hours. There are a few opportunities left this school year for hours.

1. Setting up for the garage sale starting June 7th.
2. Volunteering at the Barn Blast Fundraiser— Aimee Brichacek is contact for this.

Please contact Ms. Jessi if you have hours that have not been submitted.

Mission Statement

In sharing our Catholic faith in Christ, we foster spiritual and academic formation in a positive and welcoming atmosphere that reflects love and respect for all.

Enrollment forms for the 2021-2022 school year were sent home with students. Please return these along with the \$50 enrollment fee per student. These are helpful for the staff when preparing for the upcoming school year. If you have any question, please feel free to contact the school.

3rd Grade

Math: This week we dove into the exciting world of geometry. We learned about lines, line segments, rays, angles (acute, obtuse, and right), polygons (pentagon, hexagon, octagon) and quadrilaterals.

Social: We read the story, *Uncle Jed's Barbershop*, about an African American barber who finally saves enough money to buy his own barbershop after facing many setbacks. The students were able to learn about saving money by playing a game to find out what it takes to reach a savings goal.

Religion: We continued our lesson from last week on the 5 types of prayer. We learned their meanings and found examples of each. We then made a layered flap book of all of this information and used what we had learned to write our own prayer that included all 5 types of prayer into one whole prayer.

In the next couple of weeks, May 10-21, the students will be doing their Fastbridge testing. Please remember that they should get good rest so they can be prepared for testing.

Jon's Family Foods in Staples is participating in this program called Tools 4 Schools. When you shop there you can return your receipt to the store and earn points for the school. There is an online catalog with different educational material that we can get with these points.

All School Fun Day

As a raffle reward, the students earned an all school fun day. Grades K-6 will be going swimming at the community center on May 11th. Please return the permission slip that was sent

home on Tuesday by Friday, 5/7. Also, remember to send a swim suit and towel with your child/ren. We are working on planning the fun activity that preschool will participate in.

SHAS is set up with Amazon Smile. When you make purchases through Amazon Smile, a percentage goes to the school. Go to "smile.amazon.com" and search for SACRED HEART CHURCH OF STAPLES. Set this as your charity. It says the Church, but it routes to Sacred Heart Area School.
