

April 13-17

4th Grade News

This week we read Antarctica Journal it was a pretty cool story. Did you know when two icebergs collide one tumbles like a dying rhinoceros? We have also been making poems about Antarctica. -Isaac

We are so excited for our trip to the Audubon center on April 27-29 2015. We are all jumping around and we can't wait! -Landon

We are anxious for the Twins game that will be on May 7. Especially because of this nice weather -Colby

This week was cool. The auction is coming up tomorrow. Sue brought her 5 weeks old puppies named Ty and ruby. HAPPY SPRING EVERYONE. - Andy

WOH! Is it just me or is it nice outside. This week has been awesome we've been playing Frisbee, soccer and lots of other stuff. Our class also planted flowers two weeks ago and they have just started to bloom. -Corrine

This week we have been practicing for the MCA tests. We have been learning lots of different things, including angles, fractions, multi-step problems,. It looks like it

will be a fun test. -Jack

Wow!! it's nice out this week. How much do you say? About 60-70 degrees? That's HOT! On Friday we had to carry chairs to the gym for the Spring Blast on Saturday. We also worked very hard! -Danielle

Wow! What beautiful weather we are having, Spring is here and we are welcoming it with open arms here in 4th Grade..

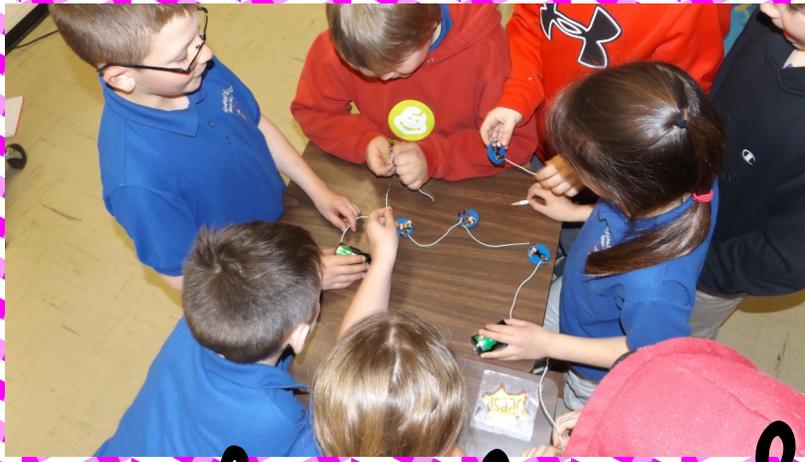

We will also be working hard in Science this month. We are learning about circuits, and all that goes with them: closed circuits, open circuits, parallel circuits, conductors, insulators, and even electromagnets. So far we are able to create our own simple circuit and then test different materials to see if they are conductors or insulators. We know that it is a conductor if the light turns on because the circuit is then closed, and the energy is able to make a complete circle.

Have a blessed, sunshiny weekend!

- Mrs. P and the 4th Graders

Spelling

1. please
2. pleasant
3. breath
4. breathe
5. image
6. imagine
7. product
8. production
