The Audubon Center trip was marvelous. My favorite part was survivor because we started a fire with flint and steel. The meals were also very good. -Colby

It was awesome we did survivor, quill work, high ropes, predator and prey, and raptors. my favorite part was the high ropes they were about 25-30feet and I took the long way there was a long and a short way it was optional. -Landon

At the Audubon center we did quill work it was really fun. Then played kick ball and soccer that was fun too . We slept in bunk beds there were four of them. At the gift shop the things were expensive very . The beds were comfy the food was good. Everything was great. Shout out to the chaperones! Thanks for coming. That was a big help. - Kierston

This week was so fun and the food there was so tasty and we also did some crafts too. My favorite part was quill work but it is very

pokey and that was my favorite part. -Corrine

We went to the Audubon Center ,and my favorite part was the high ropes course (even though it was freaky) We were 25 feet in the air. We zip-lined at the end. - Keegan

This week we went to the Audubon Center of the North Woods. My favorite part was the high ropes because I'm kind of scared of heights. The one other reason high ropes was my favorite is because I've never been up so high. That's my favorite part about the Audubon center. -Isaac

I had fun!!!! My favorite part was seeing the animals there. Some animals that were there: Bald Eagle, Red Tailed Hawk, American Kestrel, Barrel Owl, Great Horned Owl, American Crow and the Common Raven. - Andy

We had a blast at the Audubon Center. Hopefully they bring back some of the knowledge to share with others.

The kids have also asked me if we could tie-dye shirts. I'll be sending home some more information about that soon. I will be looking for some help with this as well if you are interested. -Mrs. Przybilla
