

Feb. 29-Mar. 4

4th Grade News

In Science this week, we began learning about circuits. There are two different types of circuits. They are series and parallel circuit. In the series circuit, if a lighted bulb burns out, it would be an open circuit and no electricity would flow through it. In a parallel circuit, if a light burns out, it would still work because of the multiple paths for electricity. - **Zachary**

This week we did a lot of math to get ready for the test. The test was about fractions so we had to learn mixed fractions. It was so fun. Did you know you can make an improper fraction and then turn it into a mixed fraction, and then back again. It's super simple. Have a nice weekend. - **Lauren**

This week in social we had a test on the North Eastern states. There are 11 states in the North East. My favorite one was Albany, New York. Everyone got a hundred percent! And we all had fun! - **Gabe**

This week our story was Seeker of Knowledge. It's a very interesting story. It is about a man named Jean-François that wants to be the first person to read Egyptian hieroglyphs and he gets a package from Egypt and figures out the link. Some hieroglyphs don't just mean letters, but sounds and whole words. So yeah it's a pretty interesting story. See ya! - **Carter**

In religion we are learning about The Stations of the Cross. There are 14 stations in all but a 15th could be added because it is The Resurrection. The first starts with Jesus being condemned and the 14th is Jesus being laid in the tomb. This was a tough journey for Jesus, but he did it for us. - **Emali**

On Wednesday was Dress Dr. Seuss Themed because it was Dr. Seuss' birthday. My classmates made costumes for the day and they were: Teacher 1, Student 1, Student 2, Student 3, and so on. They made crazy, wacky, blue, curly hair so they looked like Thing 1 and Thing 2. We also read Dr. Seuss Books for our reading challenge. It was fun! - **Ashlyn**

The end of the quarter is only 3 weeks away. There is a lot of sickness going through the school, so please try and stay healthy and dress warm. If your child has a fever, please do not send them to school. Great job on the Reading Challenge. Everyone in class has finished every challenge! That means our names will be entered into the drawing for a \$5 book at the Scholastic Book Fair! -
