8. surrender 18. linger
9. solar 19. sensor
10. sticker 20. alligator
21. numerator
22. collector 23. ancestor
24. counselor
25. denominator

Up Coming Events

- Feb. 18-19—No School
Feb. 21—Mid Quarter
Feb. 25—Pennies for Patients
March 4—Spring Pictures

We had a great time visiting the Public Library. It is nice to see that many of the students already have a library card.

They began presenting their penguin reports on Tuesday. They did a lot of research and learned many new facts. Eli R's grandparents, Jim & Kathy, had recently visited Antarctica and graciously shared some of their experiences with us. This was great first hand knowledge. We also watched a video and wrote down 10 facts about Antarctica for science.

In January, the students acted out the Bible story of David and Goliath. We video taped it and entered it in the St. Cloud Diocese, "Great Technology Giveaway" contest. The school received a \$900.00 check for our efforts.

In math they have been working on different ways to compare fractions, including cross multiplying and common denominators.

In Religion we read in our Venture, Father visited, and they learned about St. Valentine.

In Minnesota History, they learned about the first white men to visit our state.

Most of the students already have most of their AR points. There are a couple who haven't started yet.
