

# 4th Grade News

Mar. 29- Apr. 1

This week went super fast. It was the beginning of 4<sup>th</sup> quarter and our grades came out. Next week the class will be celebrating our reward for reaching our goal for Pennies for Patients. On Wednesday, since it is our long day, we will have pajama day, a movie, recess, and no work all day. We really took it upon ourselves to earn \$21 dollars over our classroom goal of \$120.

In Reading, we found a "Lost City". We read the story, and found the city of Machu Picchu. We found out how it was found by a man named Hiram Bingham and he had help from a little boy from the area. The first picture he took was of the little boy in front of the ruins.

After we read this story we went online to a database and read an article on archaeologists. We created a concept map from what we learned and we found some interesting pictures and other facts on this database.

In math, we continue to work with algebra. Expect a test next week sometime. In religion, we started learning about the Trinity. God the Father, God the Son, and God the Holy Spirit, all combine to be one True God.

The weather is becoming very nice, but it is still cold out. If it is below or feels **below 32 degrees**, the students need to wear their snow pants outside for recess. We are hoping to be able to wear our outside tennis shoes from now on, but we still need boots here just in case of some snow. Hats and mittens are also needed every day. So, please remember to bring OUTSIDE shoes next week, as well as hats and mittens.

Friday is an early release and the day of the slumber party. We are really excited about this and we hope everyone can join us. Fun will be had by all.

We all had a great Easter Vacation, and you can see what we did in the paragraphs attached.

- Mrs. P and the 4th Graders

## Spelling

1. telephone
2. biography
3. telescope
4. photograph
5. microwave
