

March 9-13

4th Grade News

This week has flown by!! In Math, we are starting fractions and we are getting hands on by using little fraction blocks. We can compare $\frac{3}{12}$ to $\frac{5}{6}$ and physically see which is bigger.

In Science, we are still working on States of matter, and there should be a test soon.

In reading, we read a story called Sailing Home. Did you know that whole families would live on the old cargo ships. It could take weeks up to months to deliver the cargo, so it was better for the family just to live on the ship. How cool would it be to live on the water and explore the world?!!

In English, we all chose a picture from a story book, and we are creating our own story to go along with it. We are using our English skills to create "super sentences" by adding "where", "when", "why", "doing what", and "who" to make the sentences complete, longer, and SUPER!

We are still on our Lenten Journey and this week we learned about The Three Crosses on Calvary. We even created some very neat art projects. Remember to Pray, Fast, and Give this Lenten Season.

St. Patrick's Day will soon be here, and we are talking a lot about those darn Leprechauns. We really hope they don't come into the room and mess things up. We are even suggesting putting up cameras, notes, and decorations so they don't harm the room. We will just have to wait and see if they terrorize us or not.

God Bless! Love Mrs. P and the 4th Graders

NEXT WEEK:

- Spring Pictures Mon. March 16
- School Dance Wed. March 18
- Fish Fry March 20
- End of 3rd Qrt. March 20

FUTURE:

- No School Monday Mar. 23
- Easter Break April 2-6
- 2 Hr. Early Out April 10
