

# 4th Grade News May 7-11

Spelling

This week I learned 3 things. I learned the first person to land on the moon was Neil

Armstrong, and I learned the box method of division. At AG Safety Day, I learned what I should and should not do outside. – **Lexi**

This week I learned 2 things. I learned a different way to do division. It is called the box method. At AG Safety Day I learned you can't get someone out of a grain bin that easily. It's like quicksand. This week was fun! – **Eli R**

This week I learned 2 things. I learned that Michael Collins, the man who went to the far side of the moon, never wanted to leave his family again after going into space. At AG Safety Day I learned if you stick any saggy clothing into an auger, it will get caught quickly. – **Abby**

This week I learned 2 things. On Tuesday, we learned how to do box method in division, It's pretty easy, but it's not the easiest. At AG Safety Day I learned what protects you on machines and what not to do with them. I

learned to stay a little more than an arm length away from augers. – **Ava**

This week I learned 3 things. I learned about poems in English. We wrote acrostic, limerick, and autobiographical poems. It was really fun. At AG Safety Day I learned that a lot of chemicals look like everyday things. I also learned that you need a lot of strength to pull a person out of a grain bin. – **Avery**

This week I learned 2 things. I learned how to write limerick, autobiographical, and acrostic poems. I also learned that Cass Gilbert (the person who designed the Supreme Court) designed the Minnesota State Capitol. At AG Safety Day I learned it takes 76 pounds of force to pull up a child who weighs 40 pounds and is buried up to their waist in a grain bin. – **Andy**

**Summer is right around the corner!**

NEXT WEEK:

• May 18 Hooked on Fishing

FUTURE:

• May 22 4-5th Field Trip to Cities

• May 24 OUR LAST MASS

• May 25 5th Grade Grad. Brunch

• May 28 Memorial Day NO SCHOOL

• May 29 All School Field Trip

• May 31 Half Day Last Day

Last week of Spelling!!

1. careful
2. tasteful
3. lonely
4. powerful
5. suggestion
6. peaceful
7. recently
8. extremely
9. certainly
10. wisely
11. harmful
12. monthly
13. yearly
14. successful
15. playful
16. thoughtful
17. actually
18. pollution
19. correction
20. eagerly
21. separation
22. description
23. immediately
24. suspenseful
25. completely

This week I learned 2 things. I learned people left useless stuff on the moon such as a golf ball, and a picture frame. At AG Safety Day I learned about how many pounds it takes to pull a person out of a grain bin. – **Sam**

This week I learned 2 things. I learned that poems are harder to write than they look. At AG Safety Day I learned that a small child stuck in a grain bin up to their waist weighs the equivalent to four children. – **Jameson**

This week I learned 2 things. I learned a how to do box division. At AG Safety Day I learned that a PTO spins two times in a quarter of a second! That's fast!! – **Riley**

This week I learned 2 things. I learned Michael Collins went to the moon and was not going to step onto the moon. But he was 99% of the way and that was good enough for him. At AG Safety Day I learned that many chemicals are bad for you and they look like common things in the house. – **Skye**

This week I learned 2 things. I learned how to do box method division. It is hard at the beginning, but once you do it a lot, it gets easier. At AG Safety Day I learned how to call 911 using a 911 simulator. – **Eli G**

This week I learned many things. I learned

that poems are different, they are not just rhyming, it is also syllables! It is interesting to write poems. We wrote acrostic and limerick poems. The acrostic poem is your name and using the letters to describe yourself. The limerick poems are harder to write, because you need to rhyme the last words, and the syllables need to match. I also learned about the moon and the first people to be on the moon. Buzz Aldrin and Neil Armstrong were the two astronauts to step foot on the moon, while Michael Collins flew around the moon waiting for the other to come back. Did you know astronauts left little things on the moon to represent them being on the moon? At AG Safety Day I learned many interesting things about safety around stuff. I learned new things and had fun! I loved what we learned this week!! – **Isabel**

Weather is still cool in the mornings, students still need to bring hats and small mittens to school. Also, light jackets. Sweatshirts are not jackets. If they wear them all day as a sweatshirt, they are not jackets too. – **Mrs. P**

*- Mrs. P and the 4th Graders!*

The Librarians had a special fishing treat for us in the library on Tuesday.

April  
Team Cup Winners:  
Andrew and Avery.

1488 points  
Eli R & Abby.  
1484 points

Pizza and Movie Party for  
completing 6  
Book-It reading months.

April Student  
of the Month:  
Ava

We were the ONLY group to go!

AG Safety Day!!  
We learned a lot, but  
it was super cold!
