Highlights of a Great Year

Proud SHAS alumni, students and staff in the Railroad Days Parade

Thank you families and staff for all the great works you have done sharing this year together.

We started out with celebrating the 100 years of SHAS with our Centennial Anniversary, bringing to light the endless love a community has for its God, school, and children. We met teachers and alumni from our school's past that continue to love and cherish it for the impact it had on their lives. From the centennial, we also look toward the future, making plans to sustain and improve, as well as to dream of what could be.

A handful of wonderful teachers (Benedictine Sisters) from SHAS's past, sharing in fun at the centennial celebration

This year, the staff took on the challenge of the in depth study and best practices of Marzano's Art and Science of Teaching. As a faculty we have come a long way, and also have much more to learn. We continue to believe that these efforts will make learning more meaningful, enjoyable, and attainable for students. We will continue work on this in the fall.

In addition to learning, we had many opportunities to love and enjoy our time together, living as God wants us to live. From a principal's or teacher's point of view, this has been the finest year we

have had for good behavior from students. We are so grateful to the boys and girls! This year we replaced our marathon, with a service/work-a-thon. The Home and School and school staff organized several fun events; including hayrides, dances, sleepovers, and fieldtrips. Parents once again organized the fish fry dinners and worked the carnival and spring blast fundraising events, in order to keep our school financially stable. And the church and community continued to support us in so many ways. All of these works are important lessons to our children in learning to be great citizens and disciples.

Graduation

Yesterday the Kindergarteners celebrated the completion of the year with their graduation ceremony. They sang songs, spoke individually to the crowd of students, staff and families, and received diplomas. Tomorrow morning we will have our 5th grade graduation Mass and program. We will miss this wonderful group of children as they move on to the middle school for grade six.

We will celebrate the end of this great year together on Wednesday, May 27th at 11:00am with our traditional "End of Year Potluck Picnic". We will also have an End of the Year Mass at the church at 10:15am. We hope you can join us. This day is a half day of school and buses will pick up students at 12:05pm.

Thank you for a great year!

Congratulations to the following 5th graders who will graduate from Sacred Heart School on Friday. We will miss you!

Mission Statement

In sharing our Catholic faith in Christ, we foster spiritual and academic formation in a positive, welcoming atmosphere that reflects love and respect for all.

LAST DAY of SCHOOL

Please join us for our annual "Last Day of School" picnic on Wednesday, May 27th. The potluck will be served at 11:00 a.m., so please be here with your potluck item by 10:45. **There will be an end of the year mass at 10:15 that morning!!** Each family is asked to bring a potluck item to share. The picnic will be held right here at the school on the north side of the building. **Remember it is only a half day of school that day with school being released 3 hours early, buses will be loading at 12:05!**

Please check the lost and found next time you are at the school. We have a box full on the shelf next to the second preschool classroom. If these items aren't claimed by the last day of school we will be getting rid of them. Thank you!

Hello parents!

As the year is coming to a close we are having a lot of fun in Second Grade! We are working on our egg drop experiments in Science. The students each made a container last week and had an egg placed in it. We then had Mr. O and Miss. Przybilla drop them off the roof for us! Their goal was to have the egg survive and three eggs did! This week the rest of the class is making changes to their containers to see if they can get better results. In English we are working on biographies and sourcing our information. The students have come so far this year and it is great to see all of the improvements! I hope you all have a great final week of school and a wonderful summer break!

Mrs. Detloff
