

4th Grade News

Nov. 6-10

Wow! what a week! This was the last week of first quarter, and we worked hard on the last few projects we had. We finished our poems about Yosemite, and they all turned out incredible!! We also finished our Halloween stories and added pictures to go along with them. When we were done we read them aloud to the class; there were many laughs.

Because it is Veteran's Day tomorrow, we honored the Veterans today with a program. Each grade had a part, and the fourth graders worked hard on poems. We had to choose a topic, research it a little, write a poem, type it, and finally practice with our partner. They all turned out great and a few compliments were given.

Thank you Veterans for all you do!!

On Thursday after Mass, we learned to serve with Father Joe!! It was so cool. We got to

see where we get the white servers outfit, the cords, and the cross necklace. We learned where to get the tools to light and extinguish the candles. Then we learned how to help Father during mass; where to go, what to do, and when to do it. It was a lot of information to take in, but we will be serving with a fifth grader, and they will help us out.

Today, we also went SWIMMING!!!! We reached our goal for the Work-a-thon and we got to go the Community Center for some pool time. Look for those pictures next week.

Next week are P/T Conferences. Times went home on TH and in email. Let me know if you didn't get yours.
