

4th Grade News

Oct 6-10

THIS WEEK:

The Workathon is on Wednesday so please help us collect money so we can reach our goal of \$10,000. Please remember to bring hats, work gloves, long pants, and tennis shoes to protect ourselves. If you have a rake we can borrow, please bring it to the school when you can.

Fire Prevention Week was this week, and we were able to color posters, have a fire drill, and even take a trip to the fire hall. The top three posters were Danielle, Keegan, and Colby. Congrats to them. Danielle gets to take a trip to Dairy Queen in the fire truck and is now entered into the state fire chiefs poster contest. Good Luck Danielle!!

In English, we are learning how to make a persuasive paragraph using the parts of a cheeseburger to remind us of all the sentences we need.

Math has been a pretty easy week, we are learning how to estimate, and add and subtract 4-5 digit whole numbers.

We have also been learning about cause and effect using the keywords "so," and "because."
It is raining outside so the ground is wet.

Jo is able to jump really high because her hoop is at a higher level.

For the last week and a half, we have been learning about the 10 Commandments. We talked about where they came from, what they mean, and how we can live by them. We can now remember them by using hand signals. Help us study them by asking what they are; we have a test on them next Wednesday.

Did you know that a plant has a life cycle just like humans? In science we created a poster of the life cycle and what each step means. Our test on chapter 2 is Thursday Oct 23.

Next week we have the opportunity to learn how to work with puppets, please see the attached sheet for more information.

-Mrs. P and the 4th Graders

Spelling

No spelling next week due to short week.

September Students of the Month.
4th gr—Landon

NEXT WEEK:

- Ridiculous Puppetry: Oct 13-14 look for more info to come next week.
- Work-a-thon—Wed. 15
- MEA Weekend—No school—16-17, and 20.

FUTURE:

- Picture retake—Tues. 21
- Our next mass—Thurs. 23
- Halloween Dance—Wed. 29.

Dear Parents,

On Monday and Tuesday, grades 2-5 will participate in a fun class. Ridiculous Puppetry will be taught to them for an hour each day. They will learn the basics of puppetry and how to use things around them to make a puppet show. If your child would like to bring anything from home to use for this they are more than welcome to. Also, the email asked if we had any “various objects—especially anything with any moving parts—from the classroom, the school or home such as books, binders, compasses, toys, dolls, kitchen tools, office supplies, containers, etc. If students want to bring something from home, teachers should let them know on Friday so that the students can work with the same “puppets” on both days”

Thanks,

Rachel Przybilla
